University of Delhi

NAAC Accredited 'A' Grade

Legend then, legend now, legend forever...

शहीद भगत सिंह

जन्म २८ सितम्बर १९०७ : शहादत २३ मार्च १९३१

“शहीद होने की घड़ी में वह अकेला था, ईश्वर की तरह”

कवि - पाश

भगत सिंह सिर्फ क्रांतिकारी नहीं, बल्कि एक सुलझे हुए विचारक भी थे। अपनी फाँसी से पहले उन्होंने जेल में विद्यार्थियों के नाम पत्र में संदेश दिया था कि 'इस समय हम नौजवानों से यह नहीं कह रहे हैं कि वे बम और पिस्तौल उठायें। आज विद्यार्थियों के सामने इससे भी अधिक महत्वपूर्ण काम है।' उनका यह इशारा देश में फैली अज्ञानता और गरीबी को दूर करके भारत को एक ताकतवर राष्ट्र बनाने की ओर था इसीलिए उन्होंने कहा कि 'वे (विद्यार्थी) पढ़ें और जरूर पढ़ें' हम सब जानते हैं कि ८ अप्रैल 1929 को दिल्ली की केंद्रीय एसेम्बली में बिना किसी को घायल किए उन्होंने बम फेंका और जान बूझकर खुद को गिरफ्तार करवा दिया।

23 मार्च 1931 को जब उनको फाँसी दी गयी तब उनकी उम्र सिर्फ 23 साल 6 महीने की थी। अपनी वीरता और साहस के लिए, भगत सिंह आज भी युवाओं के बीच आदर्श तो हैं ही पर साथ ही साथ वे विद्यार्थियों के आदर्श इसलिए, भी हैं कि छोटी सी उम्र में उन्होंने देश और दुनिया के बहुत सारे महत्वपूर्ण ग्रंथ, विचार, साहित्य, इतिहास और दर्शन पढ़ डाले थे। किताबें उन्हें पिस्तौल से ज्यादा प्यारी थीं, इसलिए वे आज़ादी को "मानसिक गुलामी" से आज़ादी भी मानते थे जिसका रास्ता किताबों से होकर ही जाता है। उन्होंने लिखा कि "क्रांति बम और पिस्तौल का सम्प्रदाय नहीं। क्रांति का अर्थ है आमूल परिवर्तन।"

भगत सिंह की शहादत के इस 92वें वर्ष में विद्यार्थियों के आगे भारत-निर्माता की कई सारी चुनौतियाँ हैं। हमें पूरा विश्वास है कि शहीद भगत सिंह कॉलेज में प्रवेश पाने वाला हर विद्यार्थी भगत सिंह के उस सपने से खुद को जोड़ेगा। हमें यह जानकारी देते हुए अपार हर्ष है कि शहीद भगत सिंह कॉलेज अपने स्थापना वर्ष 1967 से ही विद्यार्थियों के जीवन को राष्ट्र-प्रेम और राष्ट्र-निर्माण की दिशा में अग्रसर कर शहीद-ए-आज़म भगत सिंह के संकल्पों को ही पूरा कर रहा है।

Centre for Disaster Management Studies (CDMS)

Disasters like earthquakes, floods, droughts, storms, epidemics, and pandemics have been recurring phenomena of long human history. Many deadly disasters have completely wiped out many civilizations worldwide, with the intensity and unpredictability increasing over the years and persistently posing a threat to societies in the 21st century. Hazard is the natural trigger, whereas disasters are largely an anthropological construct with a close association with the science and policy of any region. With the increasing risk to communities,

particularly in vulnerable regions, disaster mitigation and human adaptation are indispensable to counter the risk effectively and constructively during emergencies.

The Centre for Disaster Management Studies (CDMS) aims to reduce the gap between science and policy of disaster management and debate, discuss pragmatic strategies, and equip the members with the necessary skills for before, during, and post-disaster scenarios. The centre aims to create awareness about disasters and measures to prevent the loss of life and property. CDMS also envisions diminishing the impact of disasters through integrative learning and education by creating awareness among college students, faculty and staff about disaster management. CDMS has conducted many events in the recent past, including webinars on Multi-Hazard Disaster Management and Dimensions of DRR Journey, Critical Urban Infrastructure-Identifying and Assessing Smart and Green Solutions for Efficient Disaster Resilience, Critical Urban Infrastructural Issues of Disaster Risk and Infrastructure Management in Selected Countries of Global South; Seven days capacity building programs under the PMMMNMTT scheme on the theme Hydro-Meteorological Disaster: Techniques for Measuring, Monitoring and Management of Floods, and two training programs for three days on Disaster Management Plans to Enhance Resilience of Institutional Buildings and Disaster Risk Reduction and Resilience.

Recently a two days mega international conference on “Challenges to Disaster Risk Reduction and Resilient Habitat” in association with the National Institute of Disaster Management-Ministry of Home Affairs, Government of India, International Geographical Union Commission (IGU) on Hazard and Risk, and United Nation Office for Disaster Risk Reduction was organized on April 5 -6, 2022. Besides, CDMS organizes regular events like “Disast’O’ Pedia’: Digital Picture Story Competition, Virtual Poster Making Competition’ Art-E -Disaster’, Quizzard - Quiz Competition, and Game-O-Mania for interactive learning and dissemination of disaster-related knowledge for students.

The centre aims to organize lectures, short-term courses, and training workshops for the students, staff

and other participants in association with other government and non-government organizations, including NIDM, NDMA, DDMA, etc., in the future. The centre also plans to take research projects for empirical studies and bring out fruitful publications in the public domain for a wider diffusion of science and policy interface. By imparting skills and training, the centre also plans to send college volunteers to help rescue and recover distressed communities. Dr. V.A.V. Raman has been founder director (2018-20) of the centre. Prof. Poonam Sharma was the director till August 2022. Currently, Prof. Kavita Sharma is the director of CDMS.

Equal Opportunity Cell

The primary problems faced by differently-abled students or students from the minority groups, stem from a disabling environment arising out of infrastructural, economic and cultural barriers. The College strongly believes that discrimination on the basis of disability and minority status is completely unacceptable, and is liable to be treated at par with other forms of unjustifiable discrimination and prejudices. We, at Shaheed Bhagat Singh College, firmly believe that all students have equal rights in the College and outside on all fronts. The University of Delhi set up the Equal Opportunity Cell to address these and other urgent issues concerning SC, ST, OBC and persons with disabilities (PwD) on June 27, 2006. As part of its mission statement, the EOC ensures the following:

- Affirmative action concerning SC, ST and OBC.
- A barrier free access to all buildings of colleges, departments, libraries, hostels and offices of the university.
- Smooth and efficient running of a Resource Centre that specializes in addressing the needs of PwDs in all categories including visual, hearing, orthopaedic, and neurological.
- No discrimination on grounds of disability or minority status.
- Short term courses for imparting employable skills for the disabled and for raising awareness about disability.
- Reaching out to like-minded institutes and organisations dealing with similar issues.

To meet the aforesaid objectives, an Equal Opportunity Cell has been created at the College level. Dr. Santosh Kumar, Department of Hindi is the convenor, Equal Opportunity Cell and Enabling Unit of the College. Dr. S. Varadharaj, Department of English is the co-convenor of the Equal Opportunity Cell (EOC) of the College.

Students' Testimonials

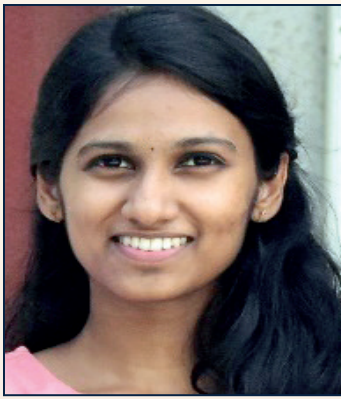

I bid adieu to Shaheed Bhagat Singh College (SBSC), a fine institution in the year 2018. Each day, the portals of SBSC led me straight to the bust of the highly revered revolutionary - Shaheed Bhagat Singh; this was my guiding light. It instilled in me the urge as well as confidence to not only relentlessly explore and expound my beliefs but to share them with the world. This drive was wonderfully channelled by the student-focused faculty at the institution's Department of Political Science, which fine-tuned my academic competency, courtesy an incredibly stimulating course structure. My civic adroitness [a requisite for any Political Science (Hons) graduate] received a fillip due to the series of guest lectures, national seminars, and fests based on contemporary vexed issues conducted by the Department. Such nurturing established a solid foundation that helped me secure admission into M.A. (Global Studies) at Ambedkar University Delhi (AUD); which I completed with distinction. I exhort school students to sincerely consider seeking admission into SBSC, particularly the Department of Political Science, if they are desirous of transforming themselves as fine scholars as well as erudite citizens of India.

Yash Kapur (2015-18 Batch) {B.A.(Hons) Political Science}

I feel elated to be a part of such a wonderful college named "Shaheed Bhagat Singh College". It was a dream cum true for me when I made it to SBSC and it has been a wonderful journey both academically and non academically. The activities conducted by the college in the form of societies have actually helped me in shaping myself and building confidence in me. The college has also provided different situations where we can work under pressure and learn from our mistakes. The faculty of the college is very supportive and even the Principal sir has always been there to back the students whenever it's required. The college also has an Alumni cell and it considers the importance of not only the students who study at Sbsc but also the ones who graduate from SBSC. I feel lucky to be a part of such a college.

Devansh Soni 2020-2023 Batch, B.Com (H)

The faculty members at Shaheed Bhagat Singh College are extremely supportive and not only they help you to grow but also moulds you to become a better person. I was inundated to be an office bearer at Department of Geography, which helped me imbibe greatest values and skills to be cherished for lifelong. SBSC also emphasizes upon development in overall aspect and help us to explore various fields of study.

Analiya MJ (2019-22), Geography (H)

It has been 5 years since I have left SBSC and I have constantly felt the effect this place had on my personality as well as on my career path. SBSC has not only helped me in building a strong foundation in the field of Mathematics by gaining knowledge of the subject matter, but also helped me in drastically improving my overall skill set by helping me develop a plethora of interpersonal skills. During my studies here, I got acquainted with many experienced and intellectual faculty members and a whole range of peers, who challenged and inspired me at the same time. The flexible curriculum also gave me enough time to work on my other skills and gave me the amazing opportunity to improve my language skills (particularly, German) by means of certificate courses offered by the University of Delhi. This step further helped me in not only getting admission in a renowned German university for my Masters, but also landed me with a scholarship here, awarded by the Lower Saxony Ministry of Science and Culture. I have completed my Masters in Applied mathematics with a focus on Insurance Mathematics and am currently working as an Associate in KPMG, Germany. Moreover, being a part of the various societies and clubs at SBSC has given me so much knowledge, exposure and of course, such amazing memories that I would highly recommend this college to anyone looking for a comprehensive experience.

Shelly Mehandiratta (Batch 2014-17, B.Sc (Hons) Mathematics)

Shaheed Bhagat Singh College has been on top of my list, and now to be studying in such an esteemed establishment is a dream realised. SBSC has held up to its reputation of being one of the best colleges to study at in Delhi University, with a long list of societies and clubs to nurture and uplift their students' passions and a top-notch faculty who are ready to answer any queries you might have. I have learned a lot from this college as it focuses on the holistic development of the students by encouraging them to participate in various competitions and events and mentoring them to help them achieve their potential.

Vedant, 2019-2022, Hindi (H)

My journey from the days in college at SBSC till now is a product of unflinching and unwavering support that I have received from my professors during graduation. During my graduation (Hons Political Science 2013-16) my life was shaped and whatever I am today or for that matter whatever I intend to do in future is all because of the freedom of reasoning and rationality, freedom to question and freedom to be creative that was provided by the said Institution. The neutral understanding of political discourses, the plight of depressed classes and the passion for working for underprivileged classes and understanding the nuances of Foreign Policy is what I took from my professors and helped me in shaping my career in active politics as Political Strategist. I was selected for Masters

in IR and Security at University of Westminster London along with SOAS and Queen Mary University on a full bright University Scholarship. The idea of positivistic approach of Prof. Simple Mohanty, the ideas of creative freedom of Prof. Veiou Pou and the guiding and yet protective approach of our then Principal Dr. P.K. Khurana was unconditional and unmatched.

Razwan Ashraf Shiekh, (2013-16 batch), Political Science (H)

The past 3 years at SBSC have defined me as a person, I have made lifelong connections, I have been humbled, I have learnt countless things. At SBSC I met people from different backgrounds with diverse perspectives, I learnt how to deal with all kinds of people, how to lead a team, how to deal with adversities. SBSC provides an amazing holistic development opportunity to all students, I personally got the opportunity to juggle academic rigor, extra curricular activities, sports which taught me a lot about time management. The people at SBSC are simply amazing, the Principal & Professors are extremely supportive and the alumni network is also extremely strong and helpful. Personally I joined Bain & Company as an Analyst in the Private Equity Group after graduating from SBSC and multiple people from the college have helped me accomplish this goal of mine.

Saiyad Hoya 2019-2022 batch Bcom h

Being part of the Department of English at Shaheed Bhagat Singh College has transformed me for life. Firstly, the course itself is an eye-opener and I believe that a study of literature doesn't only make a person more empathetic towards others, but also helps one understand and look at the world in a much more humane manner. Secondly, the positive environment of the Department, the personal touch of the teachers and the fun-filled interactions with them have all turned into cherishable memories. Infact, even two years after graduating from the college, the teachers are still accessible and ready to help regarding any doubts and queries. As I embark further on my journey towards academics, I consider Shaheed Bhagat Singh College and my experience there as a fundamental force that has shaped my views, my personality and my attitude towards life . I am happy and

lucky to have been a part of the English Department at my college which I miss all the time.

Shashank Mishra, Department of English, Batch of 2020

I have received a great deal of personal and professional fulfilment from my time spent at SBSC. Through its tremendously dedicated personnel, exciting intellectual environment, outstanding chance for students' mobility, and societal participation, this institution values and supports academic success. The Department of Political Science gave me the chance to serve the department as treasurer (2019-20) in my second year and president (2020-21) in my senior year of college. In an environment where you are challenged and require extra effort, I was prepared to withstand the worst and outperform the best thanks to the strict discipline and easygoing instructors of the political science department. Building on this, I'd like to emphasise that at the moment, if I can manage the several responsibilities I have on my plate, I think it is because of the seeds that got planted in those golden three years of college. Accentuating the key points and recapitulating my journey I would say, I met different people and that's how I got different perspective and the three years were like burning in a crucible and coming out refined.

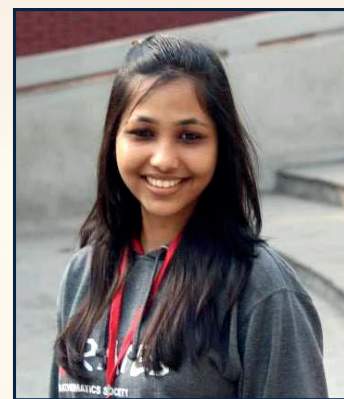

Abhishek Kumar (2018-2021 batch), Political Science (H)

I had one of the most enriching experience at Shaheed Bhagat Singh College. The college gave me a platform to find my own self as well as helped me in my personal growth. With the varied experience at different societies of the college, I was able to gather skills which would benefit me lifelong. The college has given me the experience of a lifetime coupled with the supportive professors that have enriched me academically and also I've made friends whom I can call family. I hope the college achieves greater heights year by year and keep on shaping students for their future to the best of its abilities.

Sugyan Kumar Singh (2018-2021 Batch, BCom Hons)

I am currently pursuing my Ph.D. at IIT Guwahati. Delhi was a new city to me but I found a home in my friends and ample hand holding from my professors at SBSC. I still fondly carry with me a piece of advice given to me by Ms. Jyoti Varshney Ma'am when I was trying to pave my path into the world of higher studies. She said that whenever we climb a mountain, we should focus on the top of the mountain and not what's going on our side. Even today when I fall prey to distraction, I find my anchor in these words of hers. Further, my professors in SBSC were not only prompt in clearing doubts but also helped me in trying to figure out the right way to approach a problem as college course work is quite different to what we face in school. Besides academics, the annual mathematics festival of SBSC, *GANITAM*, provided me with opportunities to nurture my social and managerial skills. Lastly, my seniors at SBSC were always there to provide a helping hand and invaluable advice in matters ranging from University exams to preparing for the next stage in our respective careers. Overall, Dept. of Mathematics, SBSC provided a wholesome environment for growth and nourishment. I will fondly remember my three years in SBSC for its life experiences and lessons that were fundamental in shaping me into the person I am today.

Kuwari Mahanta (Batch 2012-15, B.Sc. (Hons) Mathematics)

Scholastically, I identify as the Gold Medalist of Political Science (Batch 2018-21). Due credits goes to my supportive professors and their modus operandi in terms of clarifying concepts. My complete journey as SBSCian was remarkable and cherishing at the very same time. Talking academically, SBSC has played an instrumental part in my career to hone me in understanding the foundation of the Constitution and the working of State machinery and parliaments. Turning especially to the Political Science Department of college which helped me to be who I am today and had enrooted some great values inside me which shall remain with me forever. Talking non-academically, I happened to be an office-bearer for the Dept. of Pol. Science for two consecutive years 2019-2020 (Executive Member and

Vice- President) respectively which gave me a great exposure. Be it interpersonal skills or observing the close working of the department under the colour of several cultural events, it remained a constant learning curve. College as a whole helped me to shape my interest in Law. With classroom learning coupled with MUNs and Parliamentary Debates, my fascination with legal subjects was aggravated.

Shikha Singh (2018-21 Batch) Political Science (H)

Being a part of one of the most prestigious colleges of Delhi University has been an excruciating experience for me. It has helped me hone my inter personal as well as professional skills and helped in the overall development of my personality. The professors at Shaheed Bhagat Singh College have been very helpful providing all the guidance to face the real world. The societies of the college really helped me nurture my communication skills, time management skills, promoting hollistic development. The college provides ample opportunities to all the students to showcase their excellence and mentoring helping them achieve their personal as well as professional goals.

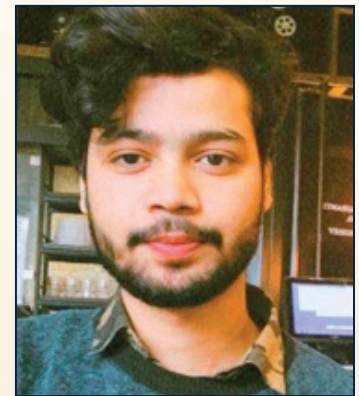

Mehak Sehgal, 2020-23 batch, B.Com (H)

I graduated from SBSC a year ago and currently work as a Content Writer at Flebo, a subsidiary of SpiceJet. Needless to mention, being a part of the English Department of the College was a delightful experience. The professors are easily approachable and extremely helpful. Even after graduating, they continue to guide me and solve my queries, as I plan to pursue my higher studies. Various interactive sessions and fests that are held throughout the three years are immensely engaging and informative for the students. Moreover, organizing these activities as a part of the Department's core team certainly inculcated several leadership qualities in me and prepare me for my future. Moreover, the students can also join various societies for extracurricular activities and showcasing their skills, creativity and talent. I will forever remain thankful to SBSC for providing me with a wonderful learning experience.

Himanshi Munjal, B.A. (Hons.) English, Batch of 2021

Before taking admission I checked out my college alumni list and there was the name Siddhartha Malhotra on the list. I felt like Shaheed Bhagat Singh College one of the top ranking DU college will be similar to what Karan Johar student of the year had, but surprisingly when I came it was unique in itself. A college with diverse student and faculty with very accommodating enigma. Our department of Geography was a world in itself. As the journey began day by day every student not just got the taste of the subject but also a sense of proud in calling oneself as Geographers. Apart from study our department and college gave us full exposure to extra curriculum to brush up our skills. Hiding in Shaheed Bhagat Singh College from study is little hard as there are no corners to hide (the building is circular in shape) jokes apart one easily falls in love with the chosen subject. Our college provided us with best of the mind in present time and the learning experience was as good as one can get.

Om Anand (2016-19 batch), Geography (H)

Destiny has its ways to respond to your inner calling, I guess Shaheed Bhagat Singh was one such journey. It was a home away from home with teachers as the Peers, each of us deserves. From providing the best of the opportunities to preparing us for facing the world outside and even making it a better place, the Institution, the Department, and the Peers left no stone unturned. From brushing up on our skills to working on our holistic development and catering to the needs of all, it conditioned us to reflect the best of our potential. I will forever be grateful to this place for transforming my dreams into reality. My journey and learnings with the department are something that I will cherish for life. Surely It has led me to the promising voyage I have always dreamt of!

Amisha Pandey, (2016-2019 Batch), Political Science (H)

The 3 years journey in Shaheed Bhagat Singh College has been wonderful. The course worked as a catalyst for my personal and professional goals. I pursued M.Sc. Mathematics from IIT Kanpur after completing graduation from SBSC. Currently, I am working in ICICI Lombard as Associate Data Scientist. The Professors at SBSC went beyond their roles and responsibilities to help and support each one of us and the environment of college was so unique that it gave us a better view of world beyond the course curriculum. Even, after graduating from college, we can still reach out to our professors for technical as well as career advises. I feel that I am very fortunate to be a part of this SBSC community.

Mahesh Mantri (Batch 2016-19, B.Sc (Hons) Mathematics)

Shaheed Bhagat Singh college has been a truly life changing experience. It has promoted and empowered development across both technical and soft skills. The college has played a pivotal role in my holistic growth as it has always encouraged and supported students to undertake new initiatives and ensure positive change for all its stakeholders. Furthermore, the teachers are dynamic and proficient keeping students at the forefront of vibrant learning and education. Lastly, the college is deeply embedded in it's values of creating tangible impact ever since it's inception in 1967.

Zayn Zahir, 2019- 2022 batch, B.Com.

Shaheed Bhagat Singh College has been a life changing experience for me. As lot of SBSCians before me would have said and lot after me would say, getting into Shaheed Bhagat Singh College is an opportunity one would not want to miss. Everything ranging from the academics to the extracurricular and from the people to the environment is at a level that is very hard to match. Simply, SBSC is a space which provides you with an immense network across fields, enough and more challenges to develop yourself personally and professionally, and lastly plenty of opportunities at every nook and corner to explore multiple avenues, and all this is possible solely because of the diverse exposure that the societies, the academic staff and the students of SBSC bring to the table

Utkarsha Sachdeva Maths h 2019-2022

College life at Shaheed Bhagat Singh has been a life changing experience, a perfect blend of joy and hardships. The experienced and multitalented professors of SBSC has allowed me to face all the challenges in life and created a strong foundation of knowledge. Here, the learning never ends. Apart from college curriculum, various clubs and societies has given me a platform to show the hidden talents, ranging from technical knowledge to music, sound and light. SBSC has filled maximum colours in my life's journey in the form of lessons. I am incredibly lucky to be among those who got the opportunity to be a student at SBSC. Every nook and corner of the college one would find a peaceful spot full of natural surroundings. Indeed each one of us would echo in SBSC..." Those were the best days of my life ..."

Aarushi Aggarwal (2021-2024 Batch, B.Com. (H))

My college has encouraged me to think out of the box and pushed me to walk out of my walls, which I was reluctant to do earlier because of the fear of failing. My strengths are more polished, and my weaknesses have suddenly been transformed into motivation pills, never to stop toiling for a good cause no matter how strong the storm gets. I see myself differently and aspire to reflect that onto others and wipe them off their miseries. Shaheed Bhagat Singh college taught me that the World is a canvas, flying in the air are different colors, and we are its responsible artists. The environment has an enchanting vibe, and the people are beautiful inside out. Everyone here stands by the definition "A friend in need is a friend indeed." It was utterly a disparate and exhilarative experience so far. I am looking forward to many more lessons of learning and unlearning, especially unlearning.

Riya Yadav Batch of 2021-24 History Hons

Well, being in my 2nd semester, it's just the beginning of my journey at Shaheed Bhagat Singh College. The transition from school life to college life is something that changes one a lot as a person. It's the time when one is constantly in the process of learning and growing. My experience till now at SBSC has been unique. Not only does the college excel in academics, but it also provides the students with various platforms to explore across horizons. The faculty, the societies, or the college environment, each has some role in shaping the college experience. Talking about my course, I am pursuing BA in Political Science Honours. I am glad to acknowledge that all my expectations regarding my approach were met at SBSC. The faculty here is quite cooperative and supportive, with a versatile teaching style. The learning experience is entirely interactive and insightful. I got to learn so much about what's happening around me - that I had a little or no idea about before. My college experience has been great, and I look forward to the rest of it!

Delhi (National Capital Territory), is a city and a union territory of India comprising New Delhi, the capital of India. It is bordered by Haryana (Gurgaon, Faridabad, Jhajjar and Sonapat) on three sides and by Uttar Pradesh (Gautam Budh Nagar, Ghaziabad and Baghpat) to the east. It is the blend of old and new with visible contrasts in its culture, lifestyle and tradition.

Old Delhi still has the influence of Mughals with monuments, mosques and forts all through the complicated streets. Old bazaars and street food are some of the specialties of Old Delhi. Whereas, New Delhi sparkling in Lutyen's Delhi is completely different with lifestyle and city's architecture having the influence of British Rule in India. Some of the major attractions in Delhi include India Gate, Rashtrapati Bhavan, Rajghat, Jama Masjid, Qutab Minar, Red Fort, Humayun's Tomb, Safdarjang's Tomb, Purana Qila, Jantar Mantar, Akshardham temple, Chhatarpur Mandir and Lotus Temple. New Delhi is famous for its planned landscape and spacious streets with shades of greenery. Major commercial establishments are situated in New Delhi's business hubs like Connaught Place, Nehru Place, Bhikajicama, South Extension and ITO.

Central Delhi, with its tree-lined avenues, imposing structures such as the Rashtrapati Bhavan, Parliament House and India Gate, reflect Delhi's colonial past. The well connected metro train, numerous flyovers, wide roads, bus and auto services ensure easy commutation in the city.

Shaheed Bhagat Singh College, conveniently located in the southern part of New Delhi, is extremely well connected and is believed to be amongst the most affluent areas in the city. It is approximately 14 kms each from Indira Gandhi International Airport and New Delhi Railway Station. The nearest metro stations, Malviya Nagar and Chirag Delhi are within 3 kms from the college. The landmark shopping malls and major recreational activities are only few minutes away from the college.
